

Anderson-Johnson Associates Inc. Joins Bolton & Menk!

July 6, 2020

Our commitment to communities began in 1949 when John Bolton & Martin Menk saw people in their surrounding communities who had dreams of a bright future, a desire to grow, and a common challenge of aging infrastructure. John and Martin's goal was to help communities make progress by listening to what people want, finding the best solutions for their needs, and treating them right.

In honoring John and Martin's legacy, we're happy to announce Anderson-Johnson Associates, Inc. is joining the Bolton & Menk, Inc. team. Anderson-Johnson, like Bolton & Menk, was founded on the desire to develop solutions with the highest level of service for their clients. The Anderson-Johnson team focuses on site planning, civil engineering, and landscape architecture. Shared values of dedicated service and commitment to client satisfaction draw our firms together to create even better service to our now shared clients.

We believe all people should live in a safe, sustainable, and beautiful community and we take pride in our ability to make that happen. At the end of the day, we have more Real People offering the same Real Solutions.
