

Capital Engineering Merges with Stanton Engineering

April 26, 2022

Capital Engineering is pleased to announce its merger with Stanton Engineering. The firms have united under the Capital brand. The Stanton team, led by Mike Stanton, brings decades of MEP experience in mixed-use, multi-family, hospitality and senior living projects to the Capital family.

“This merger gives Capital immediate expertise in Urban Development projects—a new market sector for Capital and expands our long-standing commitment of doing projects that have a positive impact on our communities” says Bryan Johnson, President and CEO of Capital. “I am genuinely excited to have Mike and his team of talented professionals establish the Urban Development market sector for Capital as we continue building on our 75-year legacy of engineering excellence.”
