

CDR MAGUIRE, INC. ACQUIRES EVOLUTION ENGINEERING CONSULTANTS, INC.

May 18, 2022

CDR Maguire, Inc. announced today that it has acquired Evolution Engineering Consultants, Inc., an FDOT Prequalified Construction Engineering & Inspection Services Firm (CEI) based out of Jupiter, Florida.

This acquisition of Evolution Engineering Consultants is a key catalyst to fueling the growth of CDR Maguire as we further establish our expertise in the Florida market to assist our FDOT and Turnpike clients—expanding engineering capabilities while delivering the newest innovations, approaches, and technologies in construction.

“Over the last year, CDR Maguire’s Engineering Division strongly entered the Florida market, winning both prime and subcontracts within the Florida Turnpike Enterprise (FTE) and multiple FDOT districts,” said H. Daniel Cessna, P.E., President of CDR Maguire’s Engineering Division. “We are pleased to have Scott Case join our team as Senior Vice President, bringing 27 years of experience in design, construction, and project management of large-scale transportation projects. Scott is a well-known project manager and key leader in the Florida market, with a track record of attracting the best talent and pursuing significant projects.”

“The acquisition by CDR Maguire serves to catalyze the company as a forward-thinking leader and industry benchmark in performance, processes, and practices—providing our clients the opportunity to access an enhanced service portfolio over a larger geographic area,” said Scott Case, President and CEO of Evolution Engineering Consultants, Inc. “EEC remains committed to supporting our clients’ mission-critical requirements.”

Based in Jupiter, Evolution Engineering Consultants provides Construction Management Oversight and Materials Testing on Heavy Civil projects to ensure they are built in compliance with design plans, specifications, and state/federal regulations.

“CDR Maguire continues to build on our rich and proud history, over 80 years, in the development of our nation’s transportation network and infrastructure, paving the way to innovation and success for our clients,” said Carlos Duarte, President of CDR Enterprises. “The acquisition of the Evolution Engineering Consultants Team will further build upon CDR Maguire’s Engineering Division capabilities to ensure more technological resources and additional capacity to take on more complex projects.”
