

Cooper Aerial Surveys acquires Nor East Mapping

November 4, 2020

Cooper Aerial Surveys Co. has recently acquired Nor East Mapping, Inc., a Kylertown, Pennsylvania aerial photography mapping provider. The two companies are leaders in aerial mapping and surveying in their respective communities, and together they intend to continue to provide these professional services in the Northeast market as Cooper Nor East.

Cooper Aerial will maintain headquarters in Phoenix, whereas, Cooper Nor East will continue residence at their current location in Kylertown. According to the companies, combining the two offices will allow for more production capability, client support, and expanded services. The acquisition demonstrates their dedication to product improvement and quality deliverables, as well as continued commitment to their clients.
