We are pleased to announce two Massachusetts-based businesses, Entegra Development & Investment, LLC and Architectural Health, LLC are officially joining forces to become Entegra + Architectural Health, LLC.

E+AH is a new sustainability consulting firm that combines our expertise in healthy and sustainable buildings to meet growing demand for LEED, WELL, and Fitwel building certifications. At E+AH, we are confident that with our help, our clients will have healthy, high-performance buildings that ensure their employees and organizations flourish for many years to come.

Going forward, this will be the new official LinkedIn page for E+AH.
