

EPS GROUP ACQUIRES AZIMI & ASSOCIATES, A CALIFORNIA BASED CIVIL ENGINEERING AND LAND SURVEYING FIRM

May 4, 2020

We are excited to announce the acquisition of Azimi & Associates, a California based civil engineering and land surveying firm. Azimi & Associates with decades of experience has been providing its clients with a spectrum of services ranging from land acquisition due diligence to land planning, mapping, and civil engineering design.

Acquisition of Azimi & Associates and bringing on-board Mr. Ali Azimi, a registered professional Civil Engineer in multiple states including California, and a California licensed Land Surveyor will immediately expand EPS Group's professional capabilities and service offerings on the West Coast. As a Senior Project Manager, Mr. Azimi will join the firm May 18, 2020 bringing with him over 30 years of extensive and diversified real estate and title industry experience that includes executive and project management, title engineering, civil engineering, and land surveying.

"Given my past work experience with EPS Group and having had a chance to learn more about their culture, I am excited to be a member of a team of driven and intelligent professionals, with individual commitment to team success. I look forward to contributing to furthering EPS's success and building a strong presence in the California real estate development market", said Ali Azimi, Senior Project Manager.

Mr. Azimi has also been qualified by a California Superior Court as an expert in both civil engineering and land surveying disciplines and has provided expert witness services for a number of successful cases.

Mr. Azim's professional experience includes design and permitting of projects in multi-family residential, commercial, and industrial real estate market sectors. Some notable and recent projects include a 20-lot, small lot, residential project in North Hollywood, a 5-story, 16-unit apartment building in the City of Los Angeles, a 6-story, 178-key hotel with detached restaurant in Santa Ana, California, various fast-food chain restaurants in a number of West Coast States, and a commercial office building in San Marcos, San Diego County.
