

H2M architects + engineers Acquires Dennis Noskin Architects

November 1, 2021

H2M architects + engineers (H2M), a Melville, NY based full service multi-disciplinary professional consulting and design firm, is pleased to announce the acquisition of Dennis Noskin Architects (DNA) as of 11/01/2021. DNA is a full-service design firm based in Tarrytown, NY that has offered architectural, interior design, and space planning services to commercial and industrial clients throughout the United States. After the acquisition, DNA's team will reside in H2M's Westchester, NY office and will have a primary focus within H2M's Private Sector Architecture Discipline, strengthening our service offerings across all markets. Both firms are looking forward to bringing their individual expertise together to provide a high-quality level of service to both their current and future clients. This partnership affirms the strategic business decision both firms have made to bring their relationship to the next level.

DNA was founded by Dennis Noskin, AIA, LEED AP in 1985. The firm has been a leader in interior design and space planning services with notable and unique projects such as CW Brown (LeChase Construction), a corporate interiors project located in Armonk, New York that was the first US Green Building Council LEED Platinum project in the Hudson Valley and the 84th country wide. In addition, the firm has designed many medical facilities including Westchester Medical Pavilion, a new 72,000 s/f state-of-the-art medical office complex in White Plains, NY. Most recently, DNA was responsible for repurposing the Agudath Sholom Congregation to meet the needs of a 21st-century Jewish community with innovative renovations and additions.

"Joining the H2M Team allows us to continue providing exceptional design services to the Westchester region," said Dennis Noskin, AIA, LEED AP on the partnership of DNA with H2M.

DNA brings to H2M their unique history, diversified design experience, and expertise in the Real Estate Market. They will bring new opportunities in interior design in our Westchester region where they have deep roots and an established client base.

"Dennis Noskin Architects has an exceptional reputation in the architecture and interior design sector. The firm has always been committed to providing the highest level of design services to their clients which aligns seamlessly with H2M's core values including their dedication to sustainability and the community, making this partnership a perfect fit," said Joseph Mottola, A.I.A., Executive Vice President and Chief Operating Officer at H2M.
