

New Hampshire engineering firm acquired

January 20, 2022

Horizons Engineering Inc. announced the acquisition of White Mountain Survey & Engineering, Inc., located at 1270 Route 16 Ossipee, N.H.

With their new presence in Ossipee, the firm now totals eight offices placed across Vermont, New Hampshire, and Maine, expanding its services in the northern New England region. White Mountain Survey & Engineering (WMS&E) offices and staff will remain under the leadership of James Rines, PE, LLS, CPESC.

Horizons Engineering CEO, Jon Warzocha, PG, managing the acquisition said, “Horizons is very much looking forward to bringing the expertise and enthusiasm of WMS&E into the firm. The addition of WMS&E adds a talented group of like-minded land survey and engineering professionals to our team, and further expands our geographic footprint allowing us to better serve our clients and communities.”
