

J-U-B AND BOCKHOLT LANDSCAPE ARCHITECTURE INTER-COMPANY AGREEMENT

November 12, 2020

Seth Bockholt, sole owner of Bockholt, Inc., a landscape architecture firm in Park City, has accepted a position with J-U-B Engineers as Group Leader for the Landscape Architecture Group. Current Group Leader, Greg Graves, has led the practice at J-U-B since June 2007. Greg will be retiring in June of 2021. Prior to that, the leadership of the group will transition to Seth, who will lead the landscape architecture practice companywide from offices in Kaysville and Salt Lake City.

J-U-B's arrangement with Seth includes an inter-company agreement whereby Bockholt, Inc. will continue to market and secure its traditional "high-end residential" landscape design work, which will be performed exclusively by J-U-B using Seth and the team. Otherwise, Seth's main focus is to build the J-U-B Landscape Architecture Group for its traditional public works clientele throughout J-U-B.
