

## **J-U-B Engineers, Inc. Expands to Nevada with Dyer Merger**

*January 16, 2020*

J-U-B ENGINEERS, Inc. (J-U-B) is pleased to announce it's merger with Dyer Engineering Consultants, Inc. (DEC) of Reno, Nevada.

This strategic merger expands J-U-B's footprint into Nevada and the Reno metropolitan area and enhances opportunities for employees and clients of both firms.

"The merger of J-U-B and DEC is a unique opportunity for two firms with highly compatible cultures to join forces and provide new services to clients and new opportunities to current and future employees," says Lee Cammack, CEO of J-U-B. "Working with all involved to make this happen has been one of the highlights of my career," Cammack concludes.

Shane Dyer, President of DEC, says, "Our team is excited about this merger! J-U-B is an amazing firm with a great culture. We have been impressed with the company's leadership and commitment to their employees."

DEC is a firm specializing in aviation, roadway, water resources, mining, and land development engineering, serving clients throughout Nevada and surrounding states. Founded in 1998, DEC has established itself as a go-to firm for municipalities, service districts, airports, private clients, and project partners.
