

CPM Associates Joined Murraysmith

April 6, 2022

We're elated to share that we've just joined Murraysmith, a Portland-based company that represents CONSOR Engineers' Western presence. This partnership means more resources at our disposal (and yours!) as we continue to thoughtfully tackle the same great work we've been doing on behalf of California communities for the past 28 years. Our team at CPM is excited to contribute our program and construction management capabilities to Murraysmith's service line while leveraging the firm's expertise in transportation design and planning, structural assessment, and water/wastewater engineering. Stay tuned for more updates as we embark on this new chapter!.
