

Orbital is excited to announce the acquisition of H&K Engineering

February 18, 2021

Orbital is excited to announce the acquisition of H&K Engineering. H&K is a full-service engineering firm headquartered in Baton Rouge, Louisiana with a strong presence throughout the Gulf Coast region. H&K's full-service approach, with respect to the midstream and downstream markets, blends with Orbital's long-standing reputation for industry-leading asset integrity services and further enhances our robust engineering capabilities. With over 60 professionals now located in Baton Rouge, Orbital anchors its seventh office into one of richest regions for engineering challenges, the Gulf Coast.
