

## PEA Group Acquired ZK Consulting Services

*January 12, 2021*

PEA Group, a Michigan-based leader in site design, has merged with Texas-based civil engineering firm, ZK Consulting Services. This merger is part of PEA Group's effort to further expand services regionally.

Formed in 2020 by President Ziad Kaakouch, ZK Consulting Services is a civil engineering firm specializing in civil engineering and construction management services. Projects completed by ZK Consulting Services include medical facilities, restaurants, office buildings, shopping centers, banking facilities, low and high-density residential developments, schools, big-box developments, small commercial pad sites, places of worship, and more. Recent projects include Frost Bank, Aldi, Blue Wave Express Car Wash, Audi Sugarland, Fairfield Ranch Apartments, and Costco.

A graduate of California State Polytechnic University-Pomona, Ziad Kaakouch is a licensed Professional Engineer (PE) with over 20 years of experience. Prior to establishing ZK Consulting Services, Ziad has had a successful career, serving in several leadership roles including Vice President of DZ Engineering, Inc., a firm located in Scottsdale, Arizona. In his new role, he will serve as the Regional Business Director for PEA Group's Houston office.

ZK Consulting Services strives to be partners with both their clients and colleagues, serving as an extension of the team to ensure maximized potential and the achievement of objectives. Partnership is at the core of PEA Group's beliefs, and this merger between PEA Group and ZK Consulting Services will further strengthen our dedication to our clients and colleagues.
