

Pennoni expands Pennsylvania presence with Snyder, Secary & Associates, LLC

January 10, 2022

Pennoni, a multidisciplinary consulting engineering firm, has hired the staff and acquired the assets of Snyder, Secary & Associates, LLC, of Harrisburg and York, PA. Effective December 31, 2021, the staff will be working in the Snyder Secary Division of Pennoni. The addition of the Snyder Secary Division strengthens Pennoni's civil engineering, land use planning and development consulting services throughout Pennsylvania.

Founded in 2008 and recognized as a Top 50 Fastest Growing Company by Central Penn Business Journal, Snyder, Secary & Associates has been a leader in providing comprehensive land development services for commercial, residential, industrial and community projects.

"The Snyder Secary Division expands our service offerings throughout Pennsylvania and brings a wealth of experience to a market that Pennoni has long been committed to serving," said Pennoni's President & CEO David DeLizza. "They have developed a solid reputation in the region, and we look forward to having them as a part of the team as we serve our clients."

Founding Partners James Snyder, PE, and Ronald Secary, PE, have joined Pennoni as principal engineers. The pair founded the firm in 2008 in Harrisburg, PA, and later opened their York, PA, office in 2015. In recent years, much of their design work has come from the commercial and industrial sectors, including large-scale logistics and distribution center projects. Both the Harrisburg and York offices will remain fully operational during the acquisition process.

"We are excited to join Pennoni and continue our founding mission of exceeding our clients' expectations by providing a high quality, cost-effective and creative design approach to our civil engineering and land development services," said Snyder and Secary. "We are proud of our dedicated employees' continued commitment to the company and excited for the opportunities for growth that await them in joining Pennoni. Most importantly, we will remain steadfast in providing the highest level of customer service to our clients and are committed to making a meaningful contribution to those communities in which we live and do business."

The acquisition is the second of the year in Pennsylvania for Pennoni. In June of 2021, the firm announced the acquisition of Cocciardi and Associates, Inc., of Mechanicsburg and Jessup, PA.
