

PRIME AE Acquires Integrated Engineering

November 10, 2020

PRIME AE Group, Inc. (PRIME AE), a NewHold company, is pleased to announce that it has acquired Kentucky-based Integrated Engineering, now operating as a PRIME AE Company, a 40-person engineering and survey firm focused on transportation, structures, water/wastewater, stormwater management, aviation, site development, and landscape architecture.

“The addition of Integrated Engineering’s expertise and portfolio will expand PRIME AE’s client and employee focused project delivery into expanded markets and geographies,” said Kumar Buvanendaran, PRIME AE President and CEO. “Integrated Engineering brings a highly recognized professional staff, a respected industry reputation, and most importantly, shared values in their dedication to communities.”

Integrated Engineering Project Portfolio

Integrated Engineering brings 10 years of industry experience with work supporting many significant projects including:

- I-65/KY 222 Interchange, Glendale, KY – Drainage analyses for approximately two miles of KY-222.
- Cincinnati/Northern KY International Airport (CNKIA) – Surveyors for the resurfacing of a runway and bus maintenance facility.
- Duncannon Lane Sanitary Sewer, Richmond, Kentucky – Planning and design of over 6,300 linear feet of sanitary sewer trunk line associated with a 253-acre mixed use development.

“We are thrilled about the opportunities this merger will create for our clients, as well as our employees and business partners. Together, Integrated Engineering and PRIME AE will be able to achieve rapid expansion while delivering the quality engineering that our clients have come to expect,” said Harsha Wijesiri, Integrated Engineering President.

Strategy and Strength

With a combined staff of over 435 professionals, PRIME AE and Integrated Engineering are developing a unified strategy that unites the combined strength of both firms to best fulfill the goals of our clients’ and of our employees, positively impacting the communities in which we live and work.

“Our acquisition of Integrated Engineering represents an important strategic opportunity to offer engineering services in and around Kentucky,” said Kumar. “The acquisition also adds to our capacity and geographic presence allowing our firms to create a brighter future for our communities.”
