

QK IS PLEASED TO ANNOUNCE THAT ZHA WILL BECOME PART OF OUR TEAM LATER THIS SUMMER

May 14, 2021

QK, a California based engineering, land survey, planning and environmental firm, is pleased to announce that they have entered into an agreement to acquire Zumwalt-Hansen Associates, Inc. (ZHA). The acquisition will combine ZHA's operations with QK's full suite of consulting disciplines.

Founded in 1949 by C.J. McKee which was reorganized as McKee-Zumwalt & Associates in 1973 and then took its present name as Zumwalt Hansen & Associates, Inc in 1984, ZHA is a highly reputable firm with capabilities to provide Civil Engineering, Land Survey & Planning Services. ZHA is located in Hanford, California, and has 11 employees.

"QK prides itself as a legacy firm serving the entire San Joaquin Valley region for nearly 50 years now. We are excited to bring on the talented and proven team at Zumwalt-Hansen Associates. Having worked together for years, we've always been impressed with their knowledge of the area, technical excellence and strong reputation," said Ron Wathen, QK's CEO.

"We have had a longstanding relationship and at times team with QK on projects. The cultural alignment with a company we know, and trust made the difference for ZHA's transition. I am very pleased to have a future for our staff and our clients where I know they will be respected and well taken care of," said John Zumwalt, president of Zumwalt-Hansen, Associates, Inc.
