

Rimkus Consulting Group, Inc. Acquires Mechanical and Electrical Engineering Consulting Firm Amset Technical Consulting, Inc.

February 10, 2020

HOUSTON, TX - February 10, 2020 -Rimkus Consulting Group, Inc. (Rimkus), a worldwide provider of forensic engineering and consulting services, today announced the strategic acquisition of Illinois-based Amset Technical Consulting, Inc. (Amset), a leading mechanical and electrical engineering consulting firm located in Mount Prospect, Illinois.

The move follows Rimkus' acquisition of Brashear Construction Consulting, Inc. earlier this month, further broadening the scope of Rimkus' technical expertise and delivering more comprehensive solutions to its global customer base.

"Amset shares our commitment to customer service – always putting the client first, providing reliable answers based on scientific precision and delivering cost savings that our customers count on," said Robert Kocher, President and Chief Executive Officer of Rimkus Consulting Group, Inc. "We are incredibly excited about the momentum in our business. As clients' needs evolve, Rimkus is committed to enhancing our team of technical experts to bring an unmatched level of service and insight to the most complex cases."

"Rimkus' global infrastructure will enhance our ability to deliver in the areas where our clients consistently turn to us, including fire and explosion investigations, mechanical or electrical failures and other technical losses," said Frank Seter, President and Owner of Amset Technical Consulting, Inc.

Rimkus operates more than 60 offices across the United States, Canada and the United Kingdom with a consulting network of more than 500 experts. Century Equity Partners acted as the exclusive financial advisor to Rimkus on this acquisition.
