

TreanorHL Expands on the West Coast

February 11, 2021

TreanorHL announces the acquisition of The Stinnett Group! This partnership will allow TreanorHL to better serve our existing clients and expand our presence in the Healthcare market in California and the West Coast. The addition of The Stinnett Group staff reinforces our existing presence in San Francisco, and we are thrilled to welcome them to the TreanorHL family. We are also excited for the opportunity to expand our national presence and build relationships with TreanorHL clients with The Stinnett Group's current presence in Portland, Oregon.

"The Stinnett Group shares TreanorHL's people-first approach and a high-level service orientation with their clients without sacrificing the depth of expertise," says Dan Rowe, AIA, President at TreanorHL. "Their staff bring a wealth of experience and leadership to our Health studio, as well as added strength to our national presence in the Healthcare market."

"When I thought about the future of The Stinnett Group, my desire was to establish a strong platform to be able to serve our clients and to provide opportunities for our staff," says Arba Stinnett, AIA, Founding Partner. "Our partnership with TreanorHL certainly does this!"

"We very much look forward to becoming a part of the TreanorHL family, as our firm values of service, design excellence and teamwork are in complete alignment with TreanorHL's," says Tansy Bowermaster, AIA, ACHA, Partner. "Not only will we continue to find solutions to our Healthcare clients' renovation challenges, but the resources of TreanorHL will allow us to expand our capabilities to service all of our client's needs, large or small."
