

TWM Expands Tennessee Operations; Acquires Harrah and Associates

September 30, 2020

September 2020 – TWM, Inc. is excited to announce the recent acquisition of Harrah and Associates, LLC, to accelerate its Franklin, TN operations, which were first initiated in 2018. Founded over 20 years ago by Roger Harrah, PLS, Harrah and Associates has provided surveying and planning services to clients throughout the Southeast. As a family-owned business, Harrah has built a reputation for integrity, efficiency, and strong relationships. TWM shares these values and is committed to continuing this legacy.

Harrah's exceptional staff brings years of experience in land surveying, now paired with TWM's resources and industry-leading technology. The Harrah work ethic fits into what TWM stands for: Exceptional Service. Nothing Less. "I'm thrilled to join forces with TWM so that we can provide a wider array of services, have access to the latest technologies, and grow our capabilities," said Roger. "We're grateful to our clients for their loyalty and friendship through the years, and are confident our new affiliation will serve us all well."

Over the course of the summer, TWM staff have been training Harrah staff on using 3D laser scanning, mobile LiDAR, GIS mapping, and other reality capture technology. TWM's Director of Geospatial Services, Derek Twente, PLS, EI, noted, "We're pleased to welcome the staff of Harrah and look forward to continuing their success and strong principles in Franklin, the state of Tennessee, and throughout the Southeast."

TWM, Inc. is a 100% employee-owned firm providing civil and structural engineering, land surveying, and other geospatial services. From our humble beginnings in Belleville, IL in 1946, TWM has grown to the successful firm it is today, with its corporate headquarters in Swansea, IL and now six additional offices throughout the Midwest and Southeast. Our five primary disciplines include Transportation, Survey/Geospatial Services, Site/Land Development, Structural, and Water Infrastructure. As a full-service engineering consultant, TWM prides itself on being able to provide a broad range of design projects and related services.
