BOXCRAFT TEAM JOINS WENDEL TO PROVIDE FULL COMPLEMENT OF DESIGN SERVICES

July 7, 2020

Wendel is excited to announce that the Boxcraft Studio team has joined the company. Led by owner Candice Urban-Green, Boxcraft provides full-scale project management and design through post-occupancy for its commercial and residential clients. Candice's team adds a depth of Interior Design experience that complements Wendel's existing strength in the field. Wendel and Boxcraft are both known for their design philosophies of concept through completion, and Boxcraft's unique, organic and creative design style will now be complemented by Wendel's full range of services and ability to deliver turn-key projects efficiently for clients. "At Boxcraft we have led the charge to provide an elevated and unique project experience from concept to completion. This holistic approach extends beyond just drawings and designs to include complete construction project services. This is one of the main reasons we aligned so well with Wendel – our merger gives us the tools to take Boxcraft's diverse portfolio to the national market. We are excited to partner with a such a genuine and robust team and continue to strive for project excellence in Buffalo and beyond." –Candice Urban-Green, IIDA, NCIDQ.

Candice and her team bring with them the high design and out-of-the-box thinking that Boxcraft has become known for working on projects in the retail, office, medical and hospitality fields, all areas where Wendel is striving to become more robust in what they can offer clients. Candice is joined in Wendel's Buffalo, New York office by her Boxcraft team of Ryan Morley, Bethany Golembiewski and Christal Smith. "I couldn't be happier that Candice and the Boxcraft team have joined forces with the Wendel team. We are better together, and I am so excited to see the great projects we will create." –Wendel CEO Stewart Haney, PE, LEED AP, PMP.
