

Willett, Hofmann & Associates, Inc. is proud to announce the acquisition of Ament Design

September 30, 2020

Ament Design has been providing Engineering, Land Surveying and Architectural Design services in Iowa and Illinois for over 35 years and will continue to operate from its existing locations as Willett, Hofmann & Associates, Inc. The Ament Design team will join our Willett, Hofmann & Associates team to form a unified, talented and diversified staff of nearly 70 employees who are experienced and qualified to provide an extensive range of professional services including structural engineering, transportation engineering, water & wastewater engineering, civil site design, architectural design, land surveying, and construction staking, observation and administration services for our highly valued clients.

Willett, Hofmann & Associates, Inc. is a multi-discipline, professional design firm with offices located in Dixon, Moline, Joliet, Rockford, Sterling and Freeport in Illinois and in Cedar Rapids, Iowa.
