

Environmental Design Group Acquires Spagnuolo and Associates

July 14, 2022

As part of Environmental Design Group's Strategic Growth Plan, we are pleased and very excited to announce the acquisition of Spagnuolo and Associates, effective July 8, 2022.

The acquisition of Spagnuolo and Associates, a civil engineering and land survey consulting firm in Fairlawn, Ohio provides us the opportunity to continue to enhance our valued services to you, at the highest level, in the manner you have expected from us for many years, now, and into the future.

The acquisition will allow us to expand our land development, survey, geospatial, data collection, and mapping services utilizing the latest technologies available in the industry. It will also enhance our ability to continue to serve you along the project life cycle, from pre-project planning and programming, due diligence, funding assistance and procurement, planning, design, bidding and construction management services.

Environmental Design Group's mission is to continue to serve communities in impactful ways and this allows us to continue to enhance our impact on you and your community.

We are excited about this acquisition and encourage you to reach out with any questions you may have.
