**Delta Engineering & Inspection Joined Rimkus Consulting Group**

Natick, MA (November 2, 2022) – Delta Engineering & Inspection (Delta), a Florida-based professional consulting and licensed engineering firm that provides inspection, engineering, project management, and expert witness services, joined Rimkus Consulting Group, a worldwide provider of engineering and technical consulting services.

Founded in 1999, Delta client offerings include inspection, engineering, project management, and expert witness services to community associations, owners, developers, contractors, attorneys, architects, and lending institutions.

“I am incredibly proud of our team and share in their excitement as we begin a new chapter in our company. Rimkus will help us unlock new opportunities in the market for AEC services and provide a global network to better serve our existing and new customers,” said Steven J. Mainardi, P.E., Founder and President of Delta.

“We are pleased to welcome Delta Engineering to the Rimkus team and further enhance our engineering capabilities for our customers. With services along the entire Gulf Coast, in Florida, and up into the Carolinas, it is important that we bring on teams like Delta to strengthen our position in the market while also being a natural culture fit in how we do business. As we continue to build our core service line around building sciences, Delta is an excellent partner in both areas,” said Robert Kocher, Chief Executive Officer of Rimkus.

Morrissey Goodale, a specialized management consulting and research firm exclusively serving the architecture, engineering, and environmental consulting industries, initiated the transaction and advised Delta Engineering & Inspection.

**About Morrissey Goodale:**

Morrissey Goodale has helped hundreds of clients transform and grow their architecture, engineering, and environmental consulting companies into high-level performers through strategic business planning, mergers and acquisition advisory, valuation and ownership transition, market research, marketing and business development, leadership training and development, Lean Operation Strategies, organizational development and management, virtual reality solutions, and executive search. Morrissey Goodale's team of M&A consultants assist throughout the M&A process, from preparing firms for a transaction to a successful integration.

Morrissey Goodale's extensive network of relationships with AE industry decision-makers around the globe uniquely qualifies the firm to identify the right buyers or sellers and guide AE firms through the complex merger or acquisition process, from conception to close.
