

Sebago Technics Acquires Corner Post Land Surveying

December 6, 2022

Sebago Technics, a creative engineering collective based in South Portland, Maine, announces the acquisition of Corner Post Land Surveying of Springvale/Sanford, Maine. Corner Post has provided high-quality surveying services in York County, throughout Maine, and Northern New England for more than 30 years.

Corner Post Land Surveying was established in 1990 by Dana A. Libby as a land surveying firm in Springvale. Over the last 30 years, the firm has grown to become one of Southern Maine's premier land surveying and land consulting firms. With a primary focus on boundary and topographic surveys, the firm provides additional services including:

Subdivision Design and Approvals,
Construction Layout,
Municipal GIS Mapping Solutions, and
CAD Drafting Services.

Corner Post Land Surveying works with private landowners, businesses, local governments, and many other private and public organizations. Mr. Libby will continue with the business serving clients for the next year.

Mark Adams, President and CEO of Sebago Technics stated, "The acquisition of Corner Post Land Surveying, its excellent employees and valued clients provides an expanded opportunity for Sebago Technics in the fast-growing York County-Southern ME/NH Seacoast and Southern New Hampshire region. Sebago's collective of land development professionals looks forward to providing our multi-discipline services to property owners, businesses, developers, organizations, and local governments throughout the region. Building on the excellent work and reputation of Corner Post, its founder Dana Libby and its employees, the combined entities are excited to support local growth and development with local, experienced professionals. #ShapingTogether".
