

January 16, 2023

We are excited to announce Knightly Environmental has merged with Blackstone Environmental, Inc. as of January 1, 2023. Knightly Environmental, a woman-owned environmental consulting firm, specializes in the assessment and remediation of petroleum contaminated soil and groundwater sites across the Midwest. For the past 30 years, Knightly has been serving small business owners, industrial firms, banks, construction firms, private developers, and real estate companies focusing on customer service as the number one priority.

John Knightly, LG, RG, CHMM, CGP, joins Blackstone as a Senior Project Manager. Originally from Hutchinson, Kansas, John earned a bachelor's degree in Geology from the University of Kansas and received his master's degree in Geology from Iowa State University. With over 36 years of experience in the industry, John has completed hundreds of projects from coast to coast including groundwater sampling, asbestos inspections, remediation site supervision, Phase I and Phase II Environmental Site Assessments, (ESAs), storage tank closures, and site investigations. When he isn't working, John enjoys spending time with his grandkids, going to the lake, and generally being outdoors.

Ali Vinke joins Blackstone as an Environmental Geologist. Ali is originally from Oak Grove, Missouri, and earned a bachelor's degree in General Geology from Northwest Missouri State University. Ali's experience includes groundwater monitoring, site assessments, tank closures, Phase I ESAs, and soil and water sampling. During her free time, Ali enjoys reading, spending time with her dog, and going to cycling classes.

Victoria Bruck joins Blackstone as an Environmental Geologist. Tori is originally from Atlantic, Iowa and graduated from Northwest Missouri State University with a bachelor's degree in Environmental Geology and a minor in Geography. Tori's experience includes groundwater sampling, site assessments, and waste stream sampling. Tori enjoys walking with her dog and spending time with friends and family.
