

Pennoni Bolsters New Jersey Presence with Van Note-Harvey

January 18, 2023

Pennoni, a multidisciplinary consulting engineering firm headquartered in Philadelphia, is delighted to announce the purchase of assets of Van Note-Harvey Associates, Inc. (VNHA). Effective immediately, Pennoni welcomes the staff of VNHA, which will now work as the Van Note-Harvey Division of Pennoni.

“With the addition of Van-Note Harvey, Pennoni will expand public and private work in New Jersey. This growth will allow us to offer more comprehensive services in the municipal sector throughout the region and broaden our client base in the private sector. VNHA has a stellar reputation, and we are thrilled to have them as part of the team,” says President and CEO Pennoni David DeLizza.

VNHA is a full-service consulting engineering, environmental, planning and land surveying organization tracing its origin back to 1894. The group has provided professional services ranging from minor improvements or expansions of existing facilities to completely new campus and facility site design, including every aspect of site feasibility planning, civil engineering, utility design, environmental compliance, regulatory permitting, stormwater management and construction phase services.

“We are excited to join Pennoni, with our aligned values and commitment to providing clients with responsive, exemplary service. Van-Note Harvey welcomes the opportunity to grow while remaining steadfast to our current client base and cultivating new client relationships,” says VNHA President Donald Fetzer.

The addition of VNHA brings two new office locations to Pennoni – Princeton, NJ office located at 103 College Road East, Princeton, NJ 08540, and Cape May, NJ office located at 211 Bayberry Drive, Suite 2E, Cape May Court House, NJ 08210.
