

CAPE & ISLANDS ENGINEERING AND HOLMES & MCGRATH ARE JOINING FORCES

February 1, 2023

We are pleased to announce that Cape & Islands Engineering is merging with a competitor whom we have long respected: Holmes & McGrath.

Philip Holmes and Michael McGrath built a successful firm with a pristine reputation among local property owners, architects, builders, investors and town officials. In February 2022, Mike McGrath retired as the company's president after 51 years of service to his clients and community.

The entire CIE team is thrilled and honored to have the opportunity to carry on the Holmes & McGrath legacy. Landowners, developers and municipalities will all benefit from the combined firm's deepened expertise and expanded capabilities.
