

CP Engineers Acquires Cornerstone Structural Engineering Consultants

November 1, 2022

CP Engineers, a full-service NJ-based engineering firm, is thrilled to announce its acquisition of Cornerstone Structural Engineering Consultants. Glenn Brackmann, Cornerstone President, will also join the team of experts at CP Engineers. This new partnership enhances CP Engineers' internal expertise in structural engineering.

"At CP Engineers, growth and innovation are at the core of everything we do, and opportunity to partner more closely with Glenn aligns perfectly with that goal," said Steve Donati, Senior Vice President at CP Engineers. "We are excited to add Glenn and his extensive wealth of structural engineering experience to our talented team. We know this will complement our work, empowering us to address our clients' most complex challenges more profoundly on a more holistic level."

"I am honored to join the exceptional team at CP Engineers," said Brackmann. "With our combined industry knowledge, we have unmatched abilities to master new solutions and better serve our customers."

Since its inception in 1995, Cornerstone Structural Engineering Consultants has amassed a reputation for excellence in civil engineering. In addition to founding and building the firm, Brackmann is also widely known for his nearly 50-year track record of delivering expertise in the areas of structural design, repairs and alterations, as well as piling and sheet piling, foundation engineering, and sanitary, drainage, waterfront structures. He is a registered professional engineer in the State of New Jersey.
