

Montrose Environmental Group Acquires Environmental Alliance, Inc., Expanding Consulting and Engineering Services in the Mid-Atlantic

February 10, 2023

Montrose Environmental Group, Inc. (“Montrose” or the “Company”) (NYSE: MEG) today announced the acquisition of Environmental Alliance, Inc. (“EAI”), a leading environmental engineering and consulting firm in the Mid-Atlantic. EAI’s senior team, including Vice Presidents Paul Miller, Joseph Rossi and Michael Vanderslice, will continue with Montrose and will join the Environmental Consulting & Engineering Division led by Senior Vice President Sean Rome, which reports into the Company’s Remediation and Reuse segment. Terms of the transaction were not disclosed.

Founded in Delaware in 1991, EAI is a full-service environmental engineering and consulting firm, providing high-quality, responsive, and cost-effective environmental services to public and private sector clients. The firm offers comprehensive environmental solutions to the real estate market, brownfield developers, oil and gas industry, and all industries in the environmental remediation market. EAI has completed thousands of remediation and environmental consulting projects, and maintains offices in Wilmington, Delaware; Edison, New Jersey; Glen Burnie, Maryland; and Richmond, Virginia.

“Adding EAI’s experienced environmental team increases our scale and ability to serve clients throughout the Mid-Atlantic,” said Mr. Rome. “EAI has extensive experience with all major cleanup strategies, including risk assessment and site permitting, brownfield assessment and investigation, and turnkey remediation. We are excited to join talents with such a highly regarded group.”

Bill Smith, President of Environmental Alliance, Inc., commented: “In joining Montrose’s global platform, we can tap into a larger client base and support increasingly complex environmental engagements, which often demand a multi-market approach. We are excited to begin working with our new colleagues to expand opportunities both for our business and for our employees.”
