

Pennoni Expands with Andersen Engineering Associates, Inc.

February 6, 2023

Pennoni, a multidisciplinary consulting engineering firm headquartered in Philadelphia, is excited to welcome the staff of and announce the acquisition of certain assets of Andersen Engineering Associates, Inc. (AEA, Inc.) Effective immediately, AEA, Inc. will now operate as the Andersen Engineering Division of Pennoni.

“AEA, Inc. brings an outstanding reputation and wealth of knowledge to our firm, and we are excited to have them on board. With the addition of AEA, Pennoni will strengthen our public and private service offerings in the Delaware Valley. This growth will allow us to offer more throughout the region and broaden our client base,” says president & CEO at Pennoni, David DeLizza.

Located in Sellersville, PA, AEA has provided engineering and surveying services to municipal, institutional, commercial, and private sector clients. AEA has completed infrastructure projects involving planning, design, permitting, regulatory compliance, economics, specifications, construction management, and start-up/acceptance services to clients for more than 30 years.

“We are thrilled to join Pennoni, with their aligned values and commitment to providing clients with assistance on projects from conception to completion. We welcome the opportunity to grow with an organization with technically skilled and high experienced staff at every level, and we look forward to continuing to grow with our partners and clients,” says president, CEO and founder of AEC, Peter C. Andersen, PE.
