## **Allied Resources Group Acquires R.T. Patterson**

Natick, MA (March 16, 2023) – Allied Resources Group (ARG), the parent company to a collection of engineering, inspection, staffing, and technology solutions companies, acquired R.T. Patterson (RTP), a respected and established engineering firm with a history dating back more than 65 years.

As a service provider in the heavy industrial, manufacturing, chemical and utility markets, ARG's acquisition of RTP is a strategic move that strengthens its engineering capabilities and enhances the ability to deliver innovative solutions to its clients.

"We are thrilled to welcome R.T. Patterson to the ARG family," said Dennis F. Zatlin, ARG's CEO. "This acquisition is a significant milestone in our journey to become a leading provider of engineering, inspection, staffing, and technology solutions to clients in the manufacturing, energy, and chemical markets. The addition of RTP's talented team and expertise will enable us to offer a broader range of services to our clients and accelerate our growth, while strengthening our geographic footprint from the Midwest through the Northeast and Mid-Atlantic regions."

Wayne Johnson, President of RTP, said, "We are excited to join forces with ARG. We share a common vision and commitment to providing exceptional services and delivering value to our clients. Together, we can leverage our complementary strengths to drive growth and innovation in the industry."

Morrissey Goodale, a specialized management consulting and research firm exclusively serving the architecture, engineering, and environmental consulting industries, initiated the transaction and advised ARG.
