

Affiliated Researchers, LLC (AR) is now part of The Mannik & Smith Group, Inc.

April 18, 2023

Affiliated Researchers, LLC (AR) is now part of The Mannik & Smith Group, Inc. This acquisition expands MSG's environmental engineering expertise and enables us to provide specialized aquatic and ecological services. Based in Michigan, AR performs services throughout the United States utilizing a fleet of 6 boats to perform work over waterways. They bring a variety of capabilities to the family, including hydro-geophysical services, bathymetric mapping, hydrology investigations, ecological services, environmental mapping, and water quality investigations.

Clients will see a smooth transition, with services maintained from AR's existing office located along Lake Huron in East Tawas, MI.

We welcome the AR employees to the MSG team.
