

Liberty Environmental, Inc. has announced the acquisition of Frey Engineering, LLC of Lebanon, New Jersey.

May 23, 2023

Liberty Environmental, Inc. has announced the acquisition of Frey Engineering, LLC of Lebanon, New Jersey. The move is part of Liberty Environmental's ongoing expansion strategy, which includes expanding its service areas, increasing its workforce, and acquiring new technical capabilities.

Frey Engineering is a well-known and respected environmental engineering and consulting firm that has been serving clients in New Jersey and surrounding areas for over two decades.

With the acquisition, Liberty Environmental will increase its capability to serve clients in New Jersey and the New York City metropolitan area.
