**Lilker joins IMEG Corp.**

Natick, MA (May 2, 2023) – Lilker Associates Consulting Engineers, a Manhattan-based engineering firm, has joined IMEG Corp. The acquisition expands IMEG's footprint in the State of New York to more than 220 team members with full-service capabilities.

Founded in 1985, Lilker offers mechanical, electrical, plumbing, and fire protection engineering design, as well as technology, lighting, special inspections, and energy and sustainability consulting services. The firm serves clients from its offices in Manhattan, Long Island, and the DC Metro area, providing innovative solutions to clients in the aviation, commercial, cultural, education, healthcare, hospitality, residential, and workplace markets.

Lilker founder Bruce Lilker said his firm is excited to join IMEG and help drive continued growth in New York and surrounding regions. "We built our reputation on our entrepreneurial spirit, cutting-edge technology, and engineering excellence as we serve our clients as a trusted resource," he said. "That fits well with IMEG's approach, and presents exciting growth potential for our staff, clients, and teaming partners."

Bruce Lilker and senior management will continue in leadership roles, overseeing team operations with existing Lilker staff. The firm will continue to operate out of its current offices, doing business as Lilker, an IMEG company, for the foreseeable future.

Morrissey Goodale, a specialized management consulting and research firm exclusively serving the architecture, engineering, and environmental consulting industries, initiated the transaction and advised Lilker.

About Morrissey Goodale:

Morrissey Goodale has helped hundreds of clients transform and grow their architecture, engineering, and environmental consulting companies into high-level performers through strategic business planning, mergers and acquisition advisory, valuation and ownership transition, market research, marketing and business development, leadership training and development, Lean Operation Strategies, organizational development and management, virtual reality solutions, and executive search. Morrissey Goodale's team of M&A consultants assist throughout the M&A process, from preparing firms for a transaction to a successful integration.

Morrissey Goodale's extensive network of relationships with AE industry decision-makers around the globe uniquely qualifies the firm to identify the right buyers or sellers and guide AE firms through the complex merger or acquisition process, from conception to close.
