**Doucet & Associates Joined Kleinfelder**

Natick, MA (June 1, 2023) – Kleinfelder, an engineering, design, construction management, construction materials inspection and testing, and environmental professional services firm, acquired Doucet & Associates. The transaction fortifies Kleinfelder’s commitment to strategic growth and strengthens an already robust client and service portfolio in the growing Texas market.

Founded in 1992 and headquartered in Austin, Texas, Doucet provides civil engineering, environmental permitting, surveying, and construction management services to clients throughout Texas. Doucet is focused on delivering these services to public and private sector clients in the land development, commercial, education, healthcare, industrial, municipal, transportation, and water resources markets.

“We are elated to find a perfectly aligned partner in Kleinfelder,” noted Doucet President Amy Doucet. “In addition to the complementary services, market strategies, and long-term client satisfaction, Kleinfelder’s culture and focus on people stood out and will allow our exceptional staff opportunities to grow together.”

With the closing of the transaction, the Doucet organizational structure will remain unchanged, operating under the direction of its existing operational leadership team led by John Doucet. The Doucet organization consists of over 110 professionals spread across six offices in Texas and will be incorporated into Kleinfelder’s Central Division business unit, which is led by Executive Vice President and Central Division Director Lisa Millet.

Morrissey Goodale, a specialized management consulting and research firm exclusively serving the architecture, engineering, and environmental consulting industries, initiated the transaction and advised Doucet.

About Morrissey Goodale:

Morrissey Goodale has helped hundreds of clients transform and grow their architecture, engineering, and environmental consulting companies into high-level performers through strategic business planning, mergers and acquisition advisory, valuation and ownership transition, market research, marketing and business development, leadership training and development, Lean Operation Strategies, organizational development and management, virtual reality solutions, and executive search. Morrissey Goodale's team of M&A consultants assist throughout the M&A process, from preparing firms for a transaction to a successful integration.

Morrissey Goodale's extensive network of relationships with AE industry decision-makers around the globe uniquely qualifies the firm to identify the right buyers or sellers and guide AE firms through the complex merger or acquisition process, from conception to close.
