

Sunrise Engineering Expands Horizons with Acquisition of Rocky Mountain Engineering and Survey

July 1, 2023

We are thrilled to share some exciting news with you all! Sunrise Engineering has taken a significant step towards expanding our reach and strengthening our capabilities by acquiring Rocky Mountain Engineering and Survey (RMES), a highly respected engineering and surveying firm based in Pocatello, Idaho. This acquisition marks a new chapter for Sunrise and sets the stage for a bright and prosperous future as we continue to provide exceptional engineering and consulting services to our clients.

A Perfect Fit

At Sunrise, we believe in the power of collaboration and the pursuit of excellence. That is why we are excited to welcome the talented team at RMES into our family. RMES has built a stellar reputation over the years for their commitment to quality consulting, excellent service, and economical value. By joining forces, we are combining our collective expertise, resources, and passion to deliver even greater value to our clients.

Expanding into the Idaho Market

The acquisition of RMES allows us to expand our presence in the vibrant Idaho market, bringing our comprehensive suite of engineering, surveying, and consulting services to a broader client base. Idaho is a region known for its diverse engineering challenges, and we are eager to dive in and contribute our expertise to help shape the future of the communities we serve. We firmly believe that by combining our strengths and knowledge, we can achieve remarkable results and make a positive impact in Idaho and beyond.
