

BIG NEWS: GUARDIAN GROUP IS GROWING

June 28, 2023

NEW PARTNERSHIP. NEW PEOPLE. NEW OPPORTUNITIES.

Guardian Group is pleased to announce the recent partnership of YOUNG & Associates and Guardian Group. Guardian will operate as a division of YOUNG & Associates and the day-to-day operations will continue to be directed by the existing Guardian leadership team.

“This partnership with Guardian is a key step forward in expanding our professional services and consulting capabilities,” said Wade Bushman, CEO of YA. “Guardian is known for its technical expertise and outstanding service delivery. We could not be more excited to have the Guardian team join YA.”

With over 500 employees strategically located across the US and internationally, YA’s footprint enables increased Guardian reach and scope. For Guardian clients, the partnership means a deeper bench of construction, engineering and property claim experts with which to resolve their claims, cases, and issues. The personal attention and superior service clients have come to expect from Guardian remain constants.
