

Colwill Press Release

August 1, 2023

Norlee Investments LLC is pleased to announce the acquisition of Colwill Engineering, a leading electrical, mechanical, technology and engineering contracting company throughout Florida.

Colwill Enterprises, DBA as Colwill Electric, Colwill Mechanical, Colwill Technology, and Colwill Engineering is a Florida corporation formed in 1998 by founder Charles Colwill. Headquartered in Tampa, Florida, Colwill is considered a premier Florida electrical, mechanical, technology and engineering contractor specializing in design-build commercial construction, large-scale multi-family projects, low-voltage services and full-scale electrical and mechanical engineering. Colwill has a highly skilled team and many well-established clients throughout Florida.

Norlee Investments LLC also owns Pacific Power & Systems, Inc., in Fairfield, California; Adkins Electric, based in Jacksonville, Florida and Millennium Electric, based in Orlando, Florida.

Colwill Enterprises will operate as a subsidiary of Norlee Investments LLC. This mutually beneficial relationship will increase the level of services that, Colwill, Adkins Electric, Millennium Electric and Pacific Power & Systems will provide their existing clients by creating synergies and allowing further expansion of services utilizing newly combined expertise in Design-Build and Pre-Engineered Industrial-Commercial-Institutional Electrical and Mechanical projects, Multi-Family Residential, Building Modernization, Low Voltage Systems, Emergency Power Infrastructure and Renewable Energy.

Norlee Investments, with offices in Jacksonville, Florida, will continue to operate Colwill Enterprises from its existing offices at 4750 E. Adamo Drive, Tampa, Florida and 650 Gem Commerce Court, Apopka, Florida.
