**ARM Group Acquires Resource International**

Natick, MA (August 2, 2023) – ARM Group, a science and engineering firm that provides civil/environmental, electrical/automation, and technical field services in the Mid-Atlantic region, acquired Resource International, a firm specializing in civil/environmental engineering, surveying, and environmental consulting. Resource International will become “ARM Resource.”

Resource International is comprised of approximately 25 talented engineers, surveyors, scientists, and support staff. In addition to building upon the strong reputation and client relationships Resource International has been fostering since 1979, this acquisition will enable ARM to further expand its solid waste, renewable energy, geo-environmental, and other key practices into the Virginia market.

The acquisition will also enable ARM to better serve its Mid-Atlantic customers while providing additional capacity and resources across the combined organization.

Mr. Mike Fiore, P.E. founded Resource International and will serve as the Regional Office Manager and Principal Engineer for ARM Resource. Mr. Fiore has more than 40 years of consulting engineering and leadership experience. Mr. Scott Courtney, P.E., will lead ARM Resource’s Civil & Survey Practice Area, while John Bartenstein, P.L.S., will head up the Surveying Service Group.

Morrissey Goodale, a specialized management consulting and research firm exclusively serving the architecture, engineering, and environmental consulting industries, advised ARM Group in the transaction.

**About Morrissey Goodale:**

Morrissey Goodale has helped hundreds of clients transform and grow their architecture, engineering, and environmental consulting companies into high-level

performers through strategic business planning, mergers and acquisition advisory, valuation and ownership transition, market research, marketing and business development, leadership training and development, Lean Operation Strategies, organizational development and management, virtual reality solutions, and executive search. Morrissey Goodale's team of M&A consultants assist throughout the M&A process, from preparing firms for a transaction to a successful integration.

Morrissey Goodale's extensive network of relationships with AE industry decision-makers around the globe uniquely qualifies the firm to identify the right buyers or sellers and guide AE firms through the complex merger or acquisition process, from conception to close.
