

Endesco, Inc Announces The Acquisition of MCV Associates, Inc.

October 20, 2023

We are thrilled to announce that Endesco, Inc. (www.endescoinc.com, a certified DBE/ SWaM/ SBE/ MBE civil engineering firm established in 1997) has successfully acquired MCV Associates, Inc. (www.mcvainc.com), a Virginia-based traffic data collection & engineering firm, as of October 1, 2023. This acquisition combines strengths of both firms and adds more professional capabilities to our portfolio. We look forward to working with you on a wider range of transportation infrastructure projects to develop solutions and enhance safety, mobility, and equity.

MCV is a well-renowned engineering firm with 33 years of experiences serving both public agencies (states, counties, and localities) and private developers/property owners in Maryland, Virginia, DC, Delaware, Texas, West Virginia, etc., in:

- Traffic Data Collection (videos, tubes, radars, microwaves, lasers, license plate readers, etc.)
- Parking Studies
- Traffic Impact Studies
- Environmental & Energy Planning & Noise Studies
- Transportation Planning & Traffic Engineering

Endesco, Inc., founded in 1997, is an award-winning multi-disciplined engineering design, consulting, and construction management firm based in the Washington Metropolitan Area. We are certified as a small minority-owned disadvantaged business enterprise (MBE/DBE/SBE) with the Metropolitan Washington Unified Certification Program (DDOT and WMATA), MDOT, VDOT, PennDOT, NJDOT, NYDOT, PANYNJ, TXDOT, and local counties and municipalities. In the past decades, we have been providing quality, on-time, and within-budget professional experiences to our clients in the following areas:

- Water Resources
- Transportation Management and Traffic Engineering
- Project & Construction Management (PM/CM)
- Lighting and Electrical Design
- Geographic Information System (GIS)
- Roadway Design/Site Development Design
- Structural Design

After this acquisition, all MCV staff will continue to serve the existing clients with stronger technical support from our professional traffic engineers at Endesco, while Endesco will provide our current and prospective clients more services in a wider spectrum of traffic and environmental engineering.
