**Baxter & Woodman, Inc. Acquires Green Civil Design, LLC
Crystal Lake, IL**

Baxter & Woodman, Inc. proudly announces the acquisition of Texas-based engineering firm Green Civil Design (GCD), marking a strategic move to broaden the firm's influence in the Texas region, effective December 16, 2023. This acquisition will enhance our water, wastewater and site design services in the Austin area.

John V. Ambrose, President and CEO of Baxter & Woodman said, *"The two companies share similar corporate values and will complement each other to make a stronger team. We will combine the planning, design, and construction expertise of both firms to serve the needs of the growing Texas population."*

Effective immediately, Green Civil Design will operate under the name of Green Civil Design, a Baxter & Woodman company. GCD founders Kerri Peña, PE, Will Peña, PE and Mike Bevilacqua, PE will continue leading day-to-day operations, managing projects, and ensuring exceptional client service.

"The quality services you receive today and dedicated staff you work with will remain the same. Our team is excited to join Baxter & Woodman's 390+ professionals," said Kerri Peña, PE.

Baxter & Woodman currently operates two other offices in the state of Texas as well as twelve additional locations throughout the US.

###

Baxter & Woodman, Inc. is an employee-owned Engineering News-Record Top 500 Design Firm which provides planning, design, construction and technology services for water, wastewater, stormwater and transportation facilities for municipalities, counties and state agencies. Environmental, geographic information systems (GIS), water and wastewater operations, and advanced technology needs complement the firm's civil engineering expertise. Clients are served from fifteen offices throughout the US.
