

NV5 Acquires CHW Professional Consultants, Strengthening Florida Infrastructure Design and Survey Services

January 25, 2024

NV5 Global, Inc. (the “Company” or “NV5”) (Nasdaq: NVEE), a provider of technology, conformity assessment, and consulting solutions, announced today that it has acquired CHW Professional Consultants (CHW), a leading provider of engineering and infrastructure consulting services in Florida. Founded in 1988, CHW operates out of four offices in Gainesville, Ocala, Jacksonville, and Fort Myers, complementing NV5’s existing Florida offices by bringing full-service engineering capabilities and densifying NV5’s platform throughout the state.

CHW’s 130 employees specialize in surveying and mapping, civil and transportation engineering, landscape architecture, program management, planning, and environmental services. The company’s target sectors include transportation authorities, utilities, healthcare, educational institutions, and private sector development.

“The acquisition of CHW strengthens our ability to support infrastructure and development in the fastest growing regions of Florida and gives NV5 access to premier public and private sector clients,” said Dickerson Wright, PE, Chairman and CEO of NV5. “CHW’s technical expertise and strong leadership team will deliver expanded services to our clients and enhanced drivers for accelerated organic growth throughout the state.”

“We are pleased to join NV5 as it gives our clients access to new services and technical expertise and will provide exciting career growth opportunities for our valued CHW team members,” said Robert Walpole, CEO and President of CHW.
