

## **ITG Communications, LLC expands national presence in cable and telecommunications construction with acquisition of Infinite Communications**

*February 06, 2024*

ITG Communications, LLC, a national provider of fulfillment, construction and project management services to the cable and telecommunications industries, is pleased to announce it has acquired Infinite Communications, a leading construction and engineering company operating in the Southeast, U.S. This acquisition broadens ITG's customer offering to include the design and engineering of advanced network architectures and expands the Company's customer base.

Founded in 2013 and headquartered in Jacksonville, FL, Infinite serves 25+ cable and telecommunication providers across 31 locations with a workforce of 800.

"We are excited to unite our companies and welcome Infinite's employees to the ITG family," said Michael Brooks, CEO of ITG. "We see this as an attractive opportunity to expand ITG's fiber buildout capabilities in the Southeast and bolster our management team with proven industry veterans."

"We are enthusiastic about this transaction and look forward to becoming an integral part of ITG," said Tommy McCollum, President of Infinite Communications. "I believe our customers and employees will benefit from the combined resources of ITG."
