

Montrose Environmental Group Acquires Epic Environmental, Expanding Consultative and Engineering Services in Australia

February 1, 2024

Montrose Environmental Group, Inc. (“Montrose” or “the Company”) (NYSE: MEG), a high-growth global environmental services company, today announced the acquisition of Epic Environmental Pty Ltd, a leading environmental consultancy in Australia. Epic Environmental’s senior leadership team, including founders Mark Breiffuss and Brad May, will join Montrose’s Consulting and Engineering division, which reports into the Company’s Remediation and Reuse segment. Terms of the transaction were not disclosed.

Headquartered in Brisbane, with offices in Sydney, Mudgee, Adelaide and Darwin, Epic Environmental is an environmental science and engineering consultancy, serving clients across Australia. The consultancy’s team includes engineers, scientists, geologists, planners, and ecologists, and provides a comprehensive range of services including environmental planning, contaminated land management, waste management and remediation, environmental audits and compliance audits. Working across diverse industries and sectors, Epic Environmental’s clients today include many of Australia’s top industrial, resources and energy services companies.

We are excited to have Mark, Brad and the talented Epic team join us. Epic will both accelerate our growth in Australia and significantly expand our capabilities, relationships and services in market,” said Vijay Mathripragada, President and Chief Executive Officer of Montrose Environmental Group. “We started in Australia in 2019 with a focus on removing PFAS and other contaminants from water with our unique ECT2 technologies. With Epic, we are creating a more comprehensive environmental solutions platform in Australia which we believe will be very additive to both organizations. We look forward to collaborating with our new colleagues in solving our shared environmental challenges, and we warmly welcome them to our global Montrose family.”
