Tetra Tech Acquires LS Technologies to Expand Digital Transformation and Management Consulting Services

February 22, 2024

Tetra Tech, Inc. (NASDAQ: TTEK), a leading provider of high-end consulting and engineering services, announced today that it has acquired LS Technologies, an innovative U.S. federal enterprise technology services and management consulting firm based in Fairfax, Virginia. LS Technologies brings significant additional capabilities, resources, and new federal clients to Tetra Tech's Federal Information Technology (IT) practice.

"Tetra Tech integrates high-end technology services with our subject matter expertise to provide innovative mission critical solutions for our clients"

"Tetra Tech integrates high-end technology services with our subject matter expertise to provide innovative mission critical solutions for our clients," said Dan Batrack, Tetra Tech Chairman and CEO. "The addition of LS Technologies to our Federal IT Division enhances the support we provide our government and commercial customers in modernizing their critical infrastructure. Our combined capabilities bring the best data analytics, cybersecurity, and digital transformation solutions to these vital projects."

Allison Poltorak, LS Technologies CEO, said, "We are pleased to join Tetra Tech, enabling us to combine our technology and management consulting expertise to deliver greater value to our clients, while increasing opportunities for our 500 employees around the country. As part of Tetra Tech, we are gaining access to their global platform and numerous contract vehicles, which will support our continued growth."

The terms of the acquisition were not disclosed. LS Technologies is joining Tetra Tech's Government Services Group.
