

WT Acquires SSA Quantity Surveyors To Drive Growth In Canada

March 26, 2024

Leading international cost management and advisory firm WT announces the acquisition of SSA Quantity Surveyors Ltd (SSAQS) as it prepares to accelerate growth in the Canadian market.

SSAQS, previously known as Spiegel Skillen & Associates Ltd, has been operating predominantly in Western Canada for over 38 years. The firm brings significant industry expertise spanning Transportation, Healthcare, Commercial, Retail, First Nation Development, Government, Research, Laboratories, Residential and Hotels.

“We’re thrilled to be able to deliver a truly national cost management offering to the Canadian market as we welcome SSAQS to the WT family,” noted WT Canada Executive Vice President Phil Nixon.

WT Canada’s Quantity Surveying practice supports private and public sector clients, delivering all types of capital programs with a suite of cost management consulting services.

“It’s very exciting to join WT as it grows its Quantity Surveying and P3 advisory practices across North America as part of an international business of over 2,000+ staff,” said Tim Spiegel, SSAQS Senior Principal, now part of WT’s Canadian team. “As privately held, independent businesses, we have similar cultures and a growth mindset, with a strong focus on our people’s career development and our clients’ success.”

WT empowers clients to grow, inspiring confidence through independent cost management and advisory services. Operating for nearly 75 years, WT’s expertise spans the building, construction and infrastructure sectors. The firm supports clients with an award-winning team of specialists in cost management, quantity surveying, digital solutions, asset and buildings, portfolio and program advisory, PMO, PPP and facilities management.
