**CRIADO & Associates Joins Dunaway**

Natick, MA (April 30, 2024) – CRIADO & Associates, a Dallas-based public-infrastructure firm, joined Dunaway, a civil engineering, structural, landscape architecture, surveying, and construction inspection services firm.

Dunaway's Dallas office will join forces with CRIADO's nearly sixty employees and will broaden its capabilities through CRIADO's experience serving municipal clients, creating a fully integrated team.

"CRIADO is excited to join forces with Dunaway because they are a company that we have always admired and aspired to be like one day – they successfully lead a dynamic, profitable, and sustainable company through their one-heart company culture and strong core values," explains Cristina Criado, PE, President & CEO of CRIADO.

Through the acquisition of CRIADO, Dunaway continues to execute its vision to be the leading independent multi-discipline design firm in Texas, adding two new service lines to their in-house offerings – Subsurface Utility Engineering (SUE) and Right of Way (ROW).

"The addition of Criado to the Dunaway team marks an exciting chapter in our growth story and is a testament to our commitment to our vision. Together, we are poised to tackle even more ambitious projects, offering collaborative multi-disciplined solutions and unparalleled service to our clients and communities," explains Kervin Campbell, PE, Senior Vice President and Principal of Dunaway.

Morrissey Goodale, a specialized management consulting and research firm exclusively serving the architecture, engineering, and environmental consulting industries, advised CRIADO & Associates in the transaction.
