

Halle Capital-backed True Environmental Announces Acquisition of Ensero Solutions

January 08, 2025

Ensero Solutions (“Ensero”), an innovative leader in permitting, environmental assessment, water management, remediation technologies, and facility operations, today announced that it has joined True Environmental, Inc. (“True”), a platform focused on collaborating with founder and employee-owned environmental consulting and engineering firms to provide capital and management support solutions to accelerate growth and facilitate seamless ownership transitions. The union further enhances True’s mission of building a best-in-class environmental consulting and engineering platform.

Ensero CEO, Jim Harrington, has expressed his enthusiasm for the company’s partnership with True Environmental, stating, “Today represents a major milestone in Ensero’s ongoing development. This partnership is designed to invest in our company’s skilled and dedicated team and fits seamlessly with our culture, core values, and unwavering commitment to provide outstanding value to our clients. The depth and breadth of True’s platform will enhance and broaden our service offerings through the additional resources, capabilities, and scale that they have become known for. We are looking forward to a long and successful relationship.”

Jim Stamatis, CEO of True Environmental, said, “Ensero has built a remarkable organization dedicated to actively engaging its employees and delivering outstanding service to both private and public sector clients. We are excited to collaborate with Ensero’s management team, including Canadian executive leaders Vanessa Friesen, Mitch Strom, and Corné Pretorius, along with the company’s entire team, to continue to provide high-quality solutions that tackle their clients’ complex environmental challenges in Canada and the U.S.”
