

## **VLK Acquires TransCend4 Expanding Educational Consulting Services**

*March 07, 2025*

VLK is proud to announce the acquisition of TransCend4, a leading educational consulting firm founded by Dr. Lizzy Johnson in 2018. In addition to joining VLK as Senior Associate | Planning Strategist, Dr. Johnson will transition into the role of President of TransCend4. This strategic move enhances VLK's ability to support school districts with innovative consulting services while allowing TransCend4 to continue operating as a standalone brand under VLK.

"Since founding TransCend4, my mission has been to empower school districts with meaningful, strategic guidance," said Dr. Johnson. "This partnership with VLK allows us to expand our impact while staying true to our core values. I am thrilled about the future and the opportunities this presents for the schools and communities we serve."

TransCend4 is a premier educational consulting firm committed to guiding districts, educators, and organizations in making strategic, student-focused decisions. Through expert services including bond committee facilitation, collaborative visioning, school board training, program area audits, and leadership development, TransCend4 equips school districts to create meaningful, strategic plans. With its esteemed team of consultants remaining in place, TransCend4 will continue delivering the same high standard of excellence, now further strengthened by the resources and expertise of VLK.

This acquisition marks an exciting new chapter for both VLK and TransCend4, reinforcing their shared commitment to empowering school leaders and shaping the future of education. By integrating TransCend4's expertise in educational consulting, VLK strengthens its holistic education design process, ensuring clients receive the highest level of support.
