**Kleinfelder Acquires Veenstra & Kimm**

Natick, MA (April 9, 2025) – The Kleinfelder Group, Inc. (“Kleinfelder”), an engineering, design, construction management, construction materials inspection and testing, and environmental professional services firm, acquired Veenstra & Kimm, Inc. (“V&K”).

Founded in 1961 and headquartered in West Des Moines, Iowa, V&K provides a wide range of design, engineering, and environmental solutions throughout the Midwest. V&K focuses on delivering these services to public and private sector clients in transportation, water resources, land/site planning, and municipal markets.

The transaction establishes Kleinfelder’s presence in the Midwest, underscoring the firm’s commitment to strategic growth and revenue synergies through client and service expansion.

“Establishing Kleinfelder’s presence in the Midwest is an exciting new chapter for us,” stated Kleinfelder President and Chief Executive Officer Louis Armstrong. “V&K has over 60 years of exceptional client service and market reach that will enable Kleinfelder to accelerate growth and deliver greater value to new and existing clients, partners, and communities.”

“For V&K, this transaction feels like a natural evolution, as our organizational cultures and strategic visions are remarkably aligned,” commented Steve Thompson, V&K’s Board Chairperson and Chief Operating Officer.

Morrissey Goodale, a specialized management consulting and research firm exclusively serving the architecture, engineering, and environmental consulting industries, initiated the transaction and advised Kleinfelder.
